The Dubai International Food Safety Conference (DIFSC) is the biggest platform in the Middle East where food regulators, international organizations, food producers, processors and retailers, technical service providers and leading academic institutions annually convene to discuss matters significant to food safety, security and nutrition. The annual conference organized by Dubai Municipality's Food Safety Department in association with the International Association for Food Protection (IAFP) aims to promote collaboration and partnerships essential to advance food safety.

We invite you to join us in this mission as a sponsor of the event.

CREATING GLOBAL PARTNERSHIPS

Program Overview

This year's conference theme is 'Creating Global Partnerships'. The DIFSC vision is to bring all stakeholders together under one platform in order to promote partnerships and collaborative approaches to help in better utilization of resources required to address the food safety issues.
