

Dubai International Food Safety Conference 2022

1-3 November, 2022

Invitation to submit Abstracts for Poster Presentation

The Food Safety Department of Dubai Municipality invites you to submit abstracts for the upcoming Dubai International Food Safety Conference.

Priority Topics for Abstracts

- Emerging food safety, security and nutritional risks
- Physical, chemical and microbiological hazards: measurement, assessment and management
- Validation of food safety control measures
- New analytical methods, challenges and developments in food safety
- Safety assessment of food contact materials/food packaging
- Innovative food safety education and awareness programs
- Regulatory approaches to managing food safety or nutrition
- Social, behavioral and economic impacts of food safety and nutrition
- Food loss and wastage prevention
- Consumer engagement and education for food safety, security and sustainability
- Technology solutions for food safety, big data analytics, data driven systems and solutions
- Technology solutions for food traceability

Presentation Format

Presentation can be done virtually through our hybrid platform or in-person during the event. More information about the format will be provided after confirmation of selection.

Instructions for Preparing Abstracts for online submission

All abstracts and posters must be written in English.

- All abstracts must be approved by all authors before submission.
- Authors — List all authors using the following style: first name or initials followed by the surname.
- Title of Paper — The title should be short but descriptive.
- Abstract — Key the abstract into the web-based system with Introduction, Purpose, Methods and Results

Criteria for Judging Abstracts

- Is the study about one of the priority areas listed above?
- Is the title specific, adequate and concise? Does it accurately describe the study, study design? or the method of data collection or analysis, the research objective or question?
- Are the aims, objectives, hypotheses or research question(s) clearly stated?
- Are the Methods clearly described? Are the data sources clearly specified? Are the methods? appropriate to the question being investigated?
- Are results available and described appropriately? Abstracts should not say only that results will be presented.
- Are the conclusions clear and concise? Do they reflect the aims and objectives? Are they supported by the results presented?

Projected Deadline

Abstract submission for poster presentation will remain open until the 15th of September 2022.

Log on to www.foodsafetydubai.com to submit abstracts.

Travel Support

The organizers do not provide any kind of travel support, accommodation nor visa. The presenter has to make his or her own arrangements for travel.

Registration

Registration for the conference will be complimentary for all authors and presenters of the poster.
